REQUEST FOR PROPOSAL NO. 2016-001

**COMPREHENSIVE INMATE HEALTH AND MENTAL HEALTHCARE SERVICES FOR RIO
ARRIBA COUNTY ADULT DETENTION FACILITY**

NOVEMBER 23, 2015

On behalf of Roadrunner Health Services, David C. Montoya, 7015 Santa Rachel Street NE,
Albuquerque, NM 87113. Work & fax phone (505) 344-1060, cell phone (505) 366-1184.
roadrunnerhealthservices@outlook.com.

Roadrunner Health Services was started in 1998 providing Medical/Psychiatric Home Health Care. Several months later, Roadrunner Health Services contracted with San Miguel County to provide Inmate Medical and Mental Health Services for San Miguel County Detention Center. Roadrunner Health Services, including its affiliated companies, has no pending legal actions.

Roadrunner Health Services is proud to be family owned and operated from New Mexico. Roadrunner Health Services has a proven record on running successful programs. We are proud to continue providing the highest standards of care and unparalleled patient services under the National Commission on Correctional Health Care (NCCHC) Standards for Health Services in Jails, American Correctional Association (ACA) Standards, Centers for Medicaid/Medicare Services, The Joint Commission (TJC) and State of New Mexico Jail Standards.

Roadrunner Health Services takes pride in being organized, structured with highly skilled nursing staff and an experienced executive leadership (will include resume as requested). Roadrunner Health Services has several other nurses that would like to come on board on a PRN (as needed basis) and on full-time position if available, if awarded the contract. Roadrunner Health Services operates using the Baylor Plan System for staffing. By using the Baylor Plan System this helps with retention of nurses, prevents nurses calling in frequently, avoids over-time and eliminates using Agency Staff. Roadrunner Health Services will cover the Inmate care on a regular set schedule and on an as needed basis.

Roadrunner Health Services is not just a medication dispensing provider, we do so much more medical and mental health care on-site than just pouring and dispensing medication. By having a highly qualified Medical / Psychiatric Staff on-site this will save money, maintain a safer detention center and keep the Correctional Officers at the detention center working versus having to transfer Patients for medical and mental health care. Roadrunner Health Services will continue to make the necessary appointments for dental and specialized required appointments as needed and as allowed. We will continue to transfer Patient's to the Emergency Department as needed.

Roadrunner Health Services has a Medical Provider (Medical Director – Certified Nurse Practitioner) whom is license in the State of New Mexico, along with a Psychiatric Provider

Medical and Mental Health Providers							
Med Dir – FNP			6 hrs – minimum 3 hrs/wk				
Psychiatrist/ Psych - APNP					6 hrs – minimum 3 hrs/wk		

The Medical Director (FNP) and the Psychiatrist / APNP will get paid \$175.00/hour for TeleMedicine and TelePsych sessions (minimum of 3 hours/week) and \$125.00/On-Call per day

The Medical Director will be responsible for assuring the appropriateness and adequacy of Inmate Health. The Medical Director will be responsible for In Service Training, Quality Assurance and Recruitment.

Roadrunner Health Services will provide in the form of emergency care for the staff, contractors, employees, and/or visitors to the Rio Arriba County Detention Center complex until local Emergency Response Team arrive on the scene and takes responsibility of patient care.

The contractor shall provide management of the Hepatitis B Vaccination Program for all designated Rio Arriba County Detention Center's Employees.

The contractor shall provide management of TB screens for all designated Rio Arriba County Detention Center's employees to initial employment screens and annual testing.

Please refer to Appendix. Thank you for your time and consideration!
